- 09.99 the change of the hydraulic hose between master and slave cylinder is required	- 09.99 la conduite flexible entre le cylindre émetteur et le cylindre récepteur doit être remplacée
adjustment	ajustage
Australia	Australie
automated manual transmission	boîte de vitesse à commande automatique
ball bearing	roulement à billes
bi-fuel	bifuel
box	carrosserie
brake system	système de freinage
bus	autobus
clipped	fixé
closed off-road vehicle	véhicule tout terrain à carrosserie fermée
contained in 1881, 1882, 1888, 3083, 3088, 3483, 3488 ...	compris dans 1881/1882/1888/3083/3088/3483/3488 ...
contains dual-mass flywheel, clutch cover assembly and clutch disc	contient volant moteur bimasse, mécanisme d'embrayage et disque d'embrayage
contains dual-mass flywheel, clutch cover assembly, clutch disc and releaser	contient volant moteur bimasse, mécanisme d'embrayage, disque d'embrayage et débrayeur
contains flywheel, clutch cover assembly and clutch disc	contient volant, mécanisme d'embrayage et disque d'embrayage
contains releaser and fitting kit	contient débrayeur et kit de montage
convertible	cabriolet
country version	version locale
coupe	coupé
depending on version, with different clutch	selon le modèle, avec embrayage différent
diesel	diesel
equipped with different clutch according to customer requirement	avec embrayage différent selon le choix du client
estate	break
europe	Europe
fit spring 084 141 741 A	utiliser le ressort de traction 084 141 741 A
flatbed/chassis	camion plate-forme / châssis
flywheel thickness [mm]	épaisseur du volant moteur [mm]
for	pour
for driving school cars	pour véhicules d'auto-école

for dual-mass flywheel without ventilation slots, three segment plates (Opel no. 666 380) must be used	pour les volants bimasse sans fentes d'aération, on utilisera trois tôles en forme de segment (Opel n° 666 380)
for engines with dual-mass flywheel	pour moteurs avec volant bimasse
for engines without dual-mass flywheel	pour moteurs sans volant bimasse
for flywheel depth [mm]	pour profondeur volant [mm]
for integrated housing	pour boîtier intégré
for model year	pour année de modèle
for OE number	pour numéro OE
for PTO	pour commande auxiliaire
for separate housing	pour boîtier séparé
for taxis	pour taxis
for vehicles with ABS	pour véhicules avec système ABS
for vehicles with brake booster	pour véhicules avec servofrein
for vehicles with direct shift gearbox	pour véhicules avec boîte DSG
for vehicles with double clutch	pour véhicules avec embrayage double
for vehicles with double disc clutch	pour véhicules avec embrayage double-disque
for vehicles with DSC	pour véhicules avec DSC
for vehicles with ESP	pour véhicules avec système ESP
for vehicles with power steering	pour véhicules avec direction assistée
for vehicles with shift cable	pour véhicules avec câble de commande de changement de vitesse
for vehicles with shift linkage	pour véhicules avec tringlerie de changement de vitesses
for vehicles with steering column gear shift	pour véhicules avec commande du volant
for vehicles without DSC	pour véhicules sans système DSC
for vehicles without ESP	pour véhicules sans système ESP
for vehicles without power steering	pour véhicules sans direction assistée
France	France
from production number	à partir du n° de production
from year	à partir d'année de modèle
Great Britain	Grande-Bretagne
hatchback	bicorps
hub profile	cannelure de moyeu
Hungary	Hongrie
if required use releaser lever 02J141719C	en cas de besoin, utiliser également le levier de débrayage 02J141719C
in case of noise problems	en cas de problèmes de bruit
includes 6 screws	comprend 6 vis
includes 8 screws	comprend 8 vis
includes releaser, guiding sleeve and release lever	comprend le débrayeur, la douille de guidage et le levier de débrayage
includes releaser, retainer spring and release lever	comprend le débrayeur, le ressort de retenue et le levier de débrayage
India	Inde
install only if SACHS CLUTCH has been installed	ne monter que si l'embrayage précédent était de la marque SACHS
Japan	Japon
length [mm]	longueur [mm]
LUK-version	version LUK
manual transmission, 4-speed	boîte de vitesses à 4 rapports
manual transmission, 5-speed	boîte de vitesses à 5 rapports
manual transmission, 6-speed	boîte de vitesses à 6 rapports
mounting type	type de montage
needle bearing	roulement à aiguilles
new part substituted by (successor) ...	nouvelle pièce remplacée par ...
not for	pas pour
not for 5 speed automatic transmission	pas pour transmission automatique à 5 vitesses
not for country-spec. model	pas pour version locale
not for transmission type	pas pour type de transmission

not pre-assembled	pas pré-assemblé
number of fastening bores	nombre de trous de fixation
only complete replaceable for LUK	uniquement remplaçable en intégralité pour LUK
only for the listed OE-Numbers	uniquement comme remplacement des n° OE indiqués
only in connection with	uniquement en connexion avec
only install together	à monter ensemble uniquement
open off-road vehicle	véhicule tout terrain à carrosserie ouverte
parameter	caractéristique
permanent all-wheel drive	transmission intégrale permanente
pickup	pick-up
possible fit repair kit 3100 025 001 (oversize)	utiliser éventuellement le kit de réparation 3100 025 001 (dimensions plus grandes)
pre-assembled	prémonté
pressure hose connector diameter [mm]	diamètre du raccord de la conduite de pression [mm]
release module	module de débrayage
releaser height 13 mm	taille de débrayeur 13 mm
releaser height 21.5 mm	taille de débrayeur 21,5 mm
remove and install clutch only with assembly ring	démonter et remonter l'embrayage uniquement avec l'anneau de montage
renew everytime	renouveler systématiquement
replacement could include different parts	le remplacement peut comporter différentes pièces
rigid clutch disc	disque d'embrayage rigide
SACHS-version	version SACHS
saloon	berline
semi-automatic	semi-automatique
sequential manual transmission	boîte de vitesses séquentielle
sleeve length [mm]	longueur de manchon [mm]
South Africa	Afrique du Sud
Spain	Espagne
special design	modèle spécial
Sweden	Suède
Switzerland	Suisse
thread size	taille du filetage
to production no.	jusqu'au n° de production
to year	jusqu'à année du modèle
torsion damper clutch disc	disque d'embrayage avec ressorts de torsion
Turbo	turbo
USA	USA
VALEO-version	version VALEO
vehicle can be mounted with different clutch sizes	le véhicule peut être monté avec différentes tailles d'embrayages
vehicle production country	pays de production du véhicule
with 2 way catalyst	avec catalyseur non réglé
with 3 way catalyst	avec catalyseur réglé (trois voies)
with automatic adjustment	avec réglage automatique
with flywheel	avec volant moteur
with housing	avec boîtier
with manual adjustment	avec réglage manuel
with release plate assembly and fulcrum ring	avec plateau de débrayage et anneau métallique
with releaser	avec débrayeur
with screws	avec vis
with sensor	avec capteur
with thrust ring	avec bague de friction
without catalyst	sans catalyseur
without starter gear ring	sans couronne de démarreur

contains dual-mass flywheel, clutch cover assembly and clutch disc	bevat tweedelig vliegwiel, drukgroep en koppelingsplaat
contains dual-mass flywheel, clutch cover assembly, clutch disc and releaser	bevat tweeling-massavliegwiel, de assemblage van de koppelingsdekking, koppelingsschijf en releaser
contains flywheel, clutch cover assembly and clutch disc	bevat vliegwiel, drukgroep en koppelingsplaat
contains releaser and fitting kit	bevat releaser en montageset
convertible	converteerbaar
country version	landuitvoering
coupe	coupe
depending on version, with different clutch	met verschillende types koppelingen uitgevoerd
diesel	diesel
equipped with different clutch according to customer requirement	met verschillende types koppelingen uitgevoerd
estate	estate
europe	Europa
fit spring 084 141 741 A	gebruik passende veer 084.141.741 A
flatbed/chassis	open laadbak / chassis
flywheel thickness [mm]	dikte vliegwiel [mm]
for	voor
for driving school cars	voor rijkschoolwagen

for dual-mass flywheel without ventilation slots, three segment plates (Opel no. 666 380) must be used	bij tweedelig vliegwiel zonder luchtsleuven moeten 3 segmentplaten (Opel nr. 666 380) mee ingebouwd worden
for engines with dual-mass flywheel	voor motoren met dubbelmassavliegwiel
for engines without dual-mass flywheel	voor motoren zonder dubbelmassavliegwiel
for flywheel depth [mm]	voor vliegwieldiepte [mm]
for integrated housing	voor geïntegreerde behuizing
for model year	voor bouwjaar
for OE number	voor OE nummer
for PTO	voor zijaandrijving
for separate housing	voor aparte behuizing
for taxis	voor taxi's
for vehicles with ABS	voor voertuigen met ABS
for vehicles with brake booster	voor voertuigen met remkrachtversterker
for vehicles with direct shift gearbox	voor voertuigen met DSG
for vehicles with double clutch	voor voertuigen met dubbele koppelingsschijf
for vehicles with double disc clutch	voor voertuigen met tweeschijvenkoppeling
for vehicles with DSC	voor voertuigen met DSC
for vehicles with ESP	voor voertuigen met ESP
for vehicles with power steering	voor voert. met stuurbekrachtiging
for vehicles with shift cable	voor voertuigen met bowdenkabel
for vehicles with shift linkage	voor voertuigen v. schakelmechanisme m. met stangenstelsel
for vehicles with steering column gear shift	voor voertuigen met wielschakeling
for vehicles without DSC	voor voertuigen zonder DSC
for vehicles without ESP	voor voertuigen zonder ESP
for vehicles without power steering	voor voert. zonder stuurbekrachtiging
France	Frankrijk
from production number	vanaf productienummer
from year	vanaf bouwjaar
Great Britain	Groot-Brittannië
hatchback	hatchback
hub profile	spiebaan
Hungary	Hongarije
if required use releaser lever 02J141719C	zo nodig ontkoppelhendel 02J141719C ook gebruiken
in case of noise problems	bij geluidsproblemen
includes 6 screws	omvat 6 schroeven
includes 8 screws	omvat 8 schroeven
includes releaser, guiding sleeve and release lever	omvat releaser (ontkoppelaar), geleidingskoker en releasehendel
includes releaser, retainer spring and release lever	omvat releaser, steunveer en releasehendel
India	India
install only if SACHS CLUTCH has been installed	alleen monteren als SACHS-koppeling gemonteerd was
Japan	Japan
length [mm]	lengte [mm]
LUK-version	LUK-versie
manual transmission, 4-speed	handgeschakelde versnellingsbak, 4 versnellingen
manual transmission, 5-speed	handgeschakelde versnellingsbak, 5 versnellingen
manual transmission, 6-speed	handgeschakelde versnellingsbak, 6 versnellingen
mounting type	montagetype
needle bearing	naaldlager
new part substituted by (successor) ...	nieuw stuk vervangen door ...
not for	niet voor
not for 5 speed automatic transmission	niet voor 5e automatische aandrijving
not for country-spec. model	niet voor landuitvoering
not for transmission type	niet voor aandrijftype
not pre-assembled	niet ingebouwd

number of fastening bores	aantal bevestigingsgaten
only complete replaceable for LUK	alleen compleet vervangbaar voor LUK
only for the listed OE-Numbers	alleen voor de vermelde OE-Aantallen
only in connection with	alleen in combinatie met
only install together	alleen samen inbouwen
open off-road vehicle	APV open
parameter	kencijfer
permanent all-wheel drive	vierwielaandrijving permanent
pickup	pick-up
possible fit repair kit 3100 025 001 (oversize)	eventueel reparatieset 3100 025 001 (overmaat) gebruiken
pre-assembled	ingebouwd
pressure hose connector diameter [mm]	diameter aansluiting drukleiding [mm]
release module	ontkoppelingsmodule
releaser height 13 mm	releaser hoogte 13 mm
releaser height 21.5 mm	releaser hoogte 21,5 mm
remove and install clutch only with assembly ring	koppeling alleen met montagering uit en inbouwen
renew everytime	altijd vernieuwen
replacement could include different parts	bij vervanging kunnen andere onderdelen zijn inbegrepen
rigid clutch disc	starre koppelingsplaat
SACHS-version	SACHS-versie
saloon	saloon
semi-automatic	semi-automatisch
sequential manual transmission	versnellingsbak sequentieel
sleeve length [mm]	lengte omhulling [mm]
South Africa	Zuid-Afrika
Spain	Spanje
special design	speciale uitvoering
Sweden	Zweden
Switzerland	Zwitserland
thread size	schroefdraadafmeting
to production no.	tot productienummer
to year	tot bouwjaar
torsion damper clutch disc	geveerde koppelingsplaat
Turbo	turbo
USA	USA
VALEO-version	VALEO-versie
vehicle can be mounted with different clutch sizes	het voertuig kan met verschillende koppelingsgroottes worden uitgerust
vehicle production country	productieland voertuig
with 2 way catalyst	met ongeregelde catalysator
with 3 way catalyst	met geregelde (3-weg) catalysator
with automatic adjustment	met automatische bijstelling
with flywheel	met vliegwiel
with housing	met behuizing
with manual adjustment	met manuele bijstelling
with release plate assembly and fulcrum ring	met schotel en draadring
with releaser	met releaser (ontkoppelaar)
with screws	met schroeven
with sensor	met sensor
with thrust ring	met aanloopring
without catalyst	zonder catalysator
without starter gear ring	zonder aanzettandwiel

- 09.99 the change of the hydraulic hose between master and slave cylinder is required	- 09.99 hay que cambiar la tubería flexible entre el cilindro principal y el cilindro receptor
adjustment	reajuste
Australia	Australia
automated manual transmission	caja de cambios manual, automatizada
ball bearing	cojinete
bi-fuel	bicombustible
box	furgón
brake system	sistema de frenos
bus	autobús
clipped	con clips
closed off-road vehicle	todo terreno, cerrado
contained in 1881, 1882, 1888, 3083, 3088, 3483, 3488 ...	incluido en 1881/1882/1888/3083/3088/3483/3488 ...
contains dual-mass flywheel, clutch cover assembly and clutch disc	contiene volante bi-masa, conjunto de presión y disco de embrague
contains dual-mass flywheel, clutch cover assembly, clutch disc and releaser	contiene volante bi-masa, conjunto de presión, disco de embrague y desembrague
contains flywheel, clutch cover assembly and clutch disc	contiene rueda volante, conjunto de presión y disco de embrague
contains releaser and fitting kit	contiene cojinete y juego de montaje
convertible	descapotable
country version	modelo por país
coupe	coupé
depending on version, with different clutch	con diferentes embragues según el modelo
diesel	gasóleo
equipped with different clutch according to customer requirement	equipado con diferente embrague (según petición del cliente)
estate	ranchera familiar
europe	Europa
fit spring 084 141 741 A	resorte apto 084 141 741 A
flatbed/chassis	caja / chasis
flywheel thickness [mm]	espesor del volante [mm]
for	para
for driving school cars	para vehículos de autoescuela

for dual-mass flywheel without ventilation slots, three segment plates (Opel no. 666 380) must be used	en caso de volante bi-masa sin ranuras de ventilación, deben utilizarse también tres chapas segmentadas (ref. Opel n° 666 380)
for engines with dual-mass flywheel	para motores con rueda volante bi-masa
for engines without dual-mass flywheel	para motores sin rueda volante bi-masa
for flywheel depth [mm]	para profundidad de rueda volante [mm]
for integrated housing	para carcasa (cárter) integrada
for model year	para año de modelo
for OE number	para n° OE
for PTO	para tomas de fuerza
for separate housing	para carcasa (cárter) separada
for taxis	para taxis
for vehicles with ABS	para vehículos con ABS
for vehicles with brake booster	para vehículos con servofreno
for vehicles with direct shift gearbox	para vehículos con caja de cambios directa
for vehicles with double clutch	para vehículos con embrague doble
for vehicles with double disc clutch	para vehículos con embrague de disco doble
for vehicles with DSC	para vehículos con DSC
for vehicles with ESP	para vehículos con ESP
for vehicles with power steering	para vehículos con dirección asistida
for vehicles with shift cable	para vehículos con cable de control del cambio de marchas
for vehicles with shift linkage	para vehículos con varillas de cambios
for vehicles with steering column gear shift	para vehículos con cambio de marcha en el volante
for vehicles without DSC	para vehículos sin DSC
for vehicles without ESP	para vehículos sin ESP
for vehicles without power steering	para vehículos sin dirección asistida
France	Francia

from year	desde año de modelo
Great Britain	Gran Bretaña
hatchback	fastback
hub profile	perfil del cubo
Hungary	Hungría
if required use releaser lever 02J141719C	si fuera necesario emplear palanca de desembrague 02J141719C
in case of noise problems	en caso de problemas de ruidos
includes 6 screws	incluye 6 tornillos
includes 8 screws	incluye 8 tornillos
includes releaser, guiding sleeve and release lever	incluye el disparador, la manga de guía y la palanca de liberación
includes releaser, retainer spring and release lever	incluye el disparador, el muelle de sujeción y la palanca de liberación
India	India
install only if SACHS CLUTCH has been installed	sólo instalar, si se había instalado EMBRAGUE SACHS
Japan	Japón
length [mm]	longitud [mm]
LUK-version	versión LUK
manual transmission, 4-speed	caja de cambios manual de 4 marchas
manual transmission, 5-speed	caja de cambios manual de 5 marchas
manual transmission, 6-speed	caja de cambios manual de 6 marchas
mounting type	tipo de montaje
needle bearing	cojinete de agujas
new part substituted by (successor) ...	nueva referencia reemplazada por (sucesor) ...
not for	no para
not for 5 speed automatic transmission	no para transmisión automática, 5 vel.
not for country-spec. model	no para modelo por país
not for transmission type	no para tipo de transmisión

not pre-assembled	no premontado
number of fastening bores	número de agujeros de montaje
only complete replaceable for LUK	solamente reemplazable completo para LUK
only for the listed OE-Numbers	sólo como recambio para los nº OE indicados
only in connection with	sólo con
only install together	montar solamente en conjunto
open off-road vehicle	todo terreno, abierto
parameter	características técnicas
permanent all-wheel drive	a las cuatro ruedas siempre
pickup	pick-up
possible fit repair kit 3100 025 001 (oversize)	posible usar kit reparación 3100 025 001 (de gran tamaño)
pre-assembled	premontado
pressure hose connector diameter [mm]	diámetro de la conexión de la tubería de presión [mm]
release module	módulo del disparador
releaser height 13 mm	altura del disparador 13 milímetros
releaser height 21.5 mm	altura del disparador 21,5 milímetros
remove and install clutch only with assembly ring	montar y desmontar el embrague solamente con anillo de montaje
renew everytime	renovar siempre
replacement could include different parts	el reemplazo podría incluir diversas piezas
rigid clutch disc	disco rígido del embrague
SACHS-version	versión SACHS
saloon	sedán
semi-automatic	semiautomática
sequential manual transmission	caja de cambios manual, secuencial
sleeve length [mm]	largo de envuelta [mm]
South Africa	Sudáfrica
Spain	España
special design	modelo especial
Sweden	Suecia
Switzerland	Suiza
thread size	medida de rosca
to production no.	hasta nº de producción
to year	hasta año de modelo
torsion damper clutch disc	disco de embrague con amortiguador de torsión
Turbo	turbo
USA	Estados Unidos
VALEO-version	versión VALEO
vehicle can be mounted with different clutch sizes	el vehículo se puede montar con diversos tamaños de embrague
vehicle production country	país fabricante del vehículo
with 2 way catalyst	con catalizador no regulado
with 3 way catalyst	con catalizador regulado (3 vías)
with automatic adjustment	con reajuste automático
with flywheel	con rueda volante
with housing	con carcasa (cárter)
with manual adjustment	con reajuste manual
with release plate assembly and fulcrum ring	con plato disparador y anillo de alambre
with releaser	con disparador
with screws	con tornillos
with sensor	con sensor
with thrust ring	con anillo de ataque
without catalyst	sin catalizador
without starter gear ring	sin corona dentada de arranque

releaser height 13 mm	înălțimea dispozitivului de debreiere 13 mm
releaser height 21.5 mm	înălțimea dispozitivului de debreiere 21,5 mm
remove and install clutch only with assembly ring	ambreiajul se montează și se demontează numai cu inelul de montaj
renew everytime	se va înlocui întotdeauna cu piesă nouă
replacement could include different parts	schimbul poate conține alte piese individuale
rigid clutch disc	disc de ambreiaj rigid
SACHS-version	versiune SACHS
saloon	trivolum
semi-automatic	semiautomată
sequential manual transmission	cv. manuală secvențială
sleeve length [mm]	lungime înveliș [mm]
South Africa	Africa de sud
Spain	Spania
special design	variantă specială
Sweden	Suedia
Switzerland	Elveția
thread size	dimensiunea filetului
to production no.	pâna la numărul de producție
to year	până la modelele din anul
torsion damper clutch disc	disc de ambreiaj elastic la torsiune
Turbo	turbo
USA	SUA
VALEO-version	versiune VALEO
vehicle can be mounted with different clutch sizes	vehiculul poate fi echipat cu ambreiaje de mărimi diferite
vehicle production country	țara de producție a autovehiculului
with 2 way catalyst	cu catalizator nereglat
with 3 way catalyst	cu catalizator (cu 3 căi) reglat
with automatic adjustment	cu reglare automată
with flywheel	cu volant
with housing	cu carcasă
with manual adjustment	cu reglare manuală
with release plate assembly and fulcrum ring	cu taler de debreiere și inel de sârmă
with releaser	cu dispozitiv de debreiere
with screws	cu șuruburi
with sensor	cu senzor
with thrust ring	cu inel de atac
without catalyst	fără catalizator
without starter gear ring	fără coroană dințată pentru demaror

for vehicles with double disc clutch	iki diskli debriyajlı taşıtlar için
for vehicles with DSC	DSC'li taşıtlar için
for vehicles with ESP	ESP'li taşıtlar için
for vehicles with power steering	servo direksiyonu olan araçlar için
for vehicles with shift cable	vites kontrol kablolu araçlar için
for vehicles with shift linkage	vites değiştirme kolu olan araçlar için
for vehicles with steering column gear shift	direksiyondan vitesli taşıtlar için
for vehicles without DSC	DSC olmayan araçlar için
for vehicles without ESP	ESP'siz taşıtlar için
for vehicles without power steering	servo direksiyonu olmayan araçlar için
France	Fransa
from production number	minimum üretim numarası
from year	minimum model yılı
Great Britain	Büyük Britanya
hatchback	heçbek
hub profile	göbek profili
Hungary	Macaristan
if required use releaser lever 02J141719C	gerektiğinde 02J141719C no.'lu debriyaj kolunu kullanın
in case of noise problems	ses problemlerinde
includes 6 screws	6 vida içerir
includes 8 screws	8 vida içerir
includes releaser, guiding sleeve and release lever	debreyör, kılavuz kovani ve avara kolu içerir
includes releaser, retainer spring and release lever	debreyör, durdurma yayı ve avara kolu içerir
India	Hindistan
install only if SACHS CLUTCH has been installed	sadece daha önce SACHS debriyaj takılı ise takılmalıdır
Japan	Japonya
length [mm]	uzunluk [mm]
LUK-version	LUK versiyonu
manual transmission, 4-speed	manuel şanzıman, 4 vitesli
manual transmission, 5-speed	manuel şanzıman, 5 vitesli
manual transmission, 6-speed	manuel şanzıman, 6 vitesli
mounting type	montaj türü
needle bearing	iğneli yatak
new part substituted by (successor) ...	yeni parçanın değiştirildiği parça ...
not for	uygun değildir
not for 5 speed automatic transmission	5 vitesli otomatik şanzıman için uygun değildir
not for country-spec. model	ülke tipi için değil
not for transmission type	şanzıman tipi için uygun değildir
not pre-assembled	önceden monte edilmemiş

number of fastening bores	montaj deliği adeti
only complete replaceable for LUK	sadece komple LUK için değiştirilebilir
only for the listed OE-Numbers	sadece belirtilen OE numaraları için
only in connection with	sadece birlikte kullanılabilir
only install together	sadece birlikte monte edin
open off-road vehicle	arazi aracı, açık
parameter	karakteristik değer
permanent all-wheel drive	devamlı dört çeker
pickup	pikap
possible fit repair kit 3100 025 001 (oversize)	gerekirse tamirat kiti 3100 025 001'i (büyük boy) kullanın
pre-assembled	önceden monte edilmiş
pressure hose connector diameter [mm]	basınç hattı bağlantısının çapı [mm]
release module	kavrama modülü
releaser height 13 mm	debreyör yüksekliği 13 mm
releaser height 21.5 mm	debreyör yüksekliği 21,5 mm
remove and install clutch only with assembly ring	debriyajı sadece montaj halkası ile söküp takın
renew everytime	her zaman yenileyin
replacement could include different parts	yedek parçalar farklı parçalar içerebilir
rigid clutch disc	sabit debriyaj diskisi
SACHS-version	SACHS versiyonu
saloon	sedan
semi-automatic	yarı otomatik
sequential manual transmission	manuel şanzıman, ardışık
sleeve length [mm]	zıvana uzunluğu [mm]
South Africa	Güney Afrika
Spain	İspanya
special design	özel tasarım
Sweden	İsveç
Switzerland	İsviçre
thread size	vida dişi ölçüsü
to production no.	üretim numarasına kadar
to year	model yılına kadar
torsion damper clutch disc	burulma kirişli debriyaj diskisi
Turbo	turbo
USA	ABD
VALEO-version	VALEO versiyonu
vehicle can be mounted with different clutch sizes	araç farklı debriyaj boyutlarıyla donatılmış olabilir
vehicle production country	aracın üretildiği ülke
with 2 way catalyst	kontROLSÜZ katalizatör ile
with 3 way catalyst	kontrollü (3 yollu) katalizatör ile
with automatic adjustment	otomatik ayarlama ile
with flywheel	volanlı
with housing	mahfazalı
with manual adjustment	manuel ayarlama ile
with release plate assembly and fulcrum ring	avara plakası ve kelepçe halkası ile
with releaser	debriyaj rulmanı ile
with screws	vidalar ile
with sensor	senör ile
with thrust ring	baskı halkası ile
without catalyst	katalizatör yok
without starter gear ring	marş motoru dişli çarkı yok
